Director of Procurement

Re: **ADDENDUM NO. 3**
20-012.1 – On Call Concrete & Masonry Investigation & Repairs at Various PhilaPort Facilities

This Addendum No. 3 is issued to:

1. To respond to the following question:

Q1: On the above referenced bid the item for “ equipment rate for crane and operator” requests this equipment to be able to reach 56 ft in height, which is the maximum height of any port owned building addressed in this contract. Could the Port elaborate what is the heaviest weight to be picked and what is the maximum radius the crane could be working from? This information is necessary to properly size the crane for bidding purposes.

A1: The weight will be based on material/equipment needed for the concrete repair per task. The maximum radius should be no more than 50ft.

All other terms and conditions remain unchanged.

Bidders shall acknowledge receipt of this addendum by immediately emailing a copy of the completed acknowledgment to Kate Bailey at procurement@philaport.com
