

October 14, 2020

To: All Bidders

From: Kate Bailey
Director of Procurement

Re: **ADDENDUM NO. 1**
20-086.1 – On Call Masonry & Concrete Investigation and Repairs at Various PhilaPort Facilities

This Addendum No. 1 is issued to:

1. Provide responses to the following questions that were received:

Q1: What is the maximum weight that would be lifted by the crane?

A1: The maximum weight is based on the material/equipment that would be needed for the repairs per task

Q2: What is the maximum distance (area where a crane would sit to location where an item would have to be lifted) the crane would have to pick?

a. The given building height of 56' doesn't give us enough information to know what size crane would be required?

A2: For bidding purposes, assume a maximum distance of 50 feet.

All other terms and conditions remain unchanged.

Bidders shall acknowledge receipt of this addendum by immediately emailing a copy of the completed acknowledgment to Kate Bailey at procurement@philaport.com
